Day 2 day full TREKKING Porter SARMIENTO

07 h 00 departure from the hotel to the Lake Sarmiento goal starting point our path with a gentle slope with side view of the impressive Lake Sarmiento adjacent to private lands, customary area of hunting for the region's largest predator, the Puma. Species that found in the Torres del Paine to their main source of food, the Guanaco. After an hour of walking reach an Eve where it is possible to observe a series of paintings with a data that exceeds the 6,000 years old, area frequented by groups of hunters known as one of the first people who came to the Patagonia. On this site we will photograph the surroundings and learn a little more about the local history. The activity continues in the direction of vernal pond, place of nesting and feeding of different species of endemic birds of Patagonia like ducks, caiquenes and swans of black-necked always front overlooking the Paine mountain range. After 3 hours of walking we reach the main entrance of the Torres del Paine National Park: goal Laguna Amarga. After an arrest for the use of services will return to the vehicle to go to a little-known sector where the Milky waters of the Paine River from Dickson glacier increases its flow with a high concentration of minerals and sediments, us We refer to the Paine cascade.

In this place we will have free time to enjoy our lunch box with a front view of the towers of granite between ñirre shrubs. The continuous journey towards Cañadón male, area where it is possible to observe large numbers of guanacos that coexist with species such as the rheas, gray Fox, Condor, Eagle Mora among others. In the afternoon we returned to the city of Puerto Natales. Accommodation in selected hotel.
